🔗 Nipun Sachintha

## SUMMARY

Highly motivated and detail-oriented software engineering student with a strong foundation in computer science and hands-on experience in developing web applications. Proficient in programming languages such as Java, JavaScript and PHP. Adept at problem-solving, debugging, and collaborating in team environments to deliver efficient software solutions. Eager to apply academic knowledge and technical skills in a challenging software engineering internship, contributing to innovative projects while gaining valuable industry experience.

## EDUCATION

**Bachelor of Science Honors in Computing and Information Systems**

**2022 - Present**

Sabaragamuwa University of Sri Lanka

**G.C.E Advance Level**

**2010 - 2019**

H / Vijayabha National School

## TECHNICAL SKILLS

**Programming Languages** – JavaScript , Java , PHP , HTML

**Framework and Libraries** – Express.js , Node.js , React.js , Laravel, Tailwind CSS

**Databases** – MySQL , MongoDB

**Technologies and Tools** – Postman , Trello , Git , Figma

## PROJECT

**Quick Quota Monitor Application | Group** 🐙

- Developed a Windows application with an intuitive interface for monitoring and managing digital consumption. Features include screen time tracking, parental controls, time goals, and cross-platform integration.
- Contribute a developed Frontend.
- Tech stack : React.js , Django , MongoDB

**Student Management System | Individual** 🐙

- Developed a web-based application to efficiently manage student data, enabling CRUD operations for students, teachers, courses, batches, enrollments, and payments.
- Tech stack : React.js , Laravel , MySQL

## Library Management System | Group

- We are developing a web-based system for managing a library. The system allows users to add books, delete books, and edit book details. It also includes features for creating and managing user profiles.
- Contributed to a library management platform by developing the frontend interface and implementing backend functionalities user authentication, user management.
- Tech stack : Express.js , React.js , Node.js , MongoDB , Tailwind CSS

## Car Selling Site | Individual

- Created a car-selling website for a company to showcase available vehicles, provide detailed information about the business and services offered
- Tech stack : React.js , Tailwind CSS

---

## WORK EXPERIENCES

### Singer Service Plus Kataragama

2021 - 2023

- Managed payment processing and work order balancing for Singer Service Plus, ensuring accurate transaction handling and efficient workflow management within the web-based system.

---

## SOFT SKILLS

- |                          |                   |
|--------------------------|-------------------|
| • Team work              | • Time management |
| • Problem-Solving Skills | • Supportive      |
| • Leadership             | • Adaptability    |
| • Critical Thinking      | • Creativity      |

---

## EXTRA CURRICULAM ACTIVITY

- IEEE Member | Student Branch, SUSL
- Member - Society of Computer Science, Faculty of Computing, SUSL

---

## CERTIFICATE

- Web Design for Beginners - University of Moratuwa  
Verification Code : pBZ11pue2M ( Verify Link )

---
